Dear Clerk

RECEIVED

2020 SEP 15 A 10:16

DEBRA P. HACKETT, CLK
U.S. DISTRICT COURT
MIDDLE DISTRICT ALA

I got these ~~medical~~ records and motion back today. I mailed them out on 8-19-20 to Wexford's attorney, The Attorney general and the Court. We get two Free Stamps a week for legal mail I know I can mail six sheets of Copy paper for one stamp. the Pitney Bowes stamp is from Elmore for 65 cents mailed out Aug 31, 2020. Then it was stamped Return for postage. This stamp is not from the post office its from here its the same ink on the reverse side stating this Correspondence is from a Correctional facility. There is no indication that it was ever mailed out. Then they write postage Due 1.50. I just want the Courts to know I'm not sure if the Defendants recieved theirs or not. I have reason to believe that they are only doing it to the mail I send the Courts. Thanks for your time and help in this matter.

CT CHEST WITH CONTRAST

INDICATION: Stab wound.

TECHNIQUE:

75 cc's Isovue 370 given intravenously. Automated Exposure Control was utilized.

FINDINGS:

Thyroid gland appears normal. The thoracic aorta is normal in caliber and patent without evidence of atherosclerotic disease. The pulmonary artery is normal in size and patent centrally. The heart is normal in size. No pathologic adenopathy. No pericardial effusion. The large airways are patent. There is a moderate left and small right anterior pneumothorax. There is partial collapse of the left upper and left lower lobes. There is also mild atelectasis involving the right upper, lower, and middle lobes. Small volume hemoperitoneum.

There is gas and bilateral back soft tissues from stab wounds. No acute osseous abnormality.

IMPRESSION:

MODERATE LEFT AND MILD RIGHT PNEUMOTHORACES WITH SCATTERED ATELECTASIS AS ABOVE.

SMALL VOLUME HEMOPERITONEUM.

STAB WOUNDS TO THE BACK.
